VI. **Course Objectives and Requirements:**

A. There are three objectives to this course: first, to gain facility in reading and translating the Hebrew Scriptures; second, to gain a basic understanding of the grammar and syntax of Classical Hebrew; and third, to become familiar with the task of exegesis and the tools of exegesis (concordances, dictionaries, grammars, etc.).

B. By the end of the semester, the student should have a basic grasp of the grammar and syntax of simple Hebrew sentences and be able to translate simple narrative texts from the Hebrew Bible with the use of a dictionary.

- C. Regular attendance at all class meetings and timely submission of all class assignments is a requirement.
- D. All students are expected to prepare a notebook, with all your relevant translation homework and other notes that I may provide from time to time. The notebook will include all assigned portions from Pratico as well as selected readings and exegetical notes. This notebook will be due the last day of class. There will be several 20 point quizzes on vocabulary and grammatical points. There will also be three exams on grammar, vocabulary, and translation.
