Dear Brethren,

The church in Mexico, MO is in the process of seeking a full time preacher.

The church here just completed a new building. (<https://www.facebook.com/groups/churchofChristmexicomo/>)
This web site shows the building progression.

The church here runs about 20-25 on a Sunday Morning, Though we are small, we stand firm on the scriptures. We do not have elders, but look forward to this in the future.

Mexico is a city of just under 12,000, very safe and loving city, a great place to raise a family or retire. We are located in central Missouri, we are about 45 miles North of the capital city of Jefferson City, and 40 miles from Columbia which is home of the University of Missouri. The church is now easy to find as it is located on highway 22 going west out of town.

Mexico is considered a "Christian town" as denominations go, there is a large number of churches here, especially the Baptist, there is 2 large ICC churches in town. The school system is excellent, there is a YMCA.

We are paying our present preachers salary; we have set the salary at \$25,000.00. We do not have a preachers home or benefits. Depending on the needs, outside support may be necessary.

The church here is in an area that is a mission area, we are the only church in our county, North of here the church gets even weaker. Our preacher must be evangelistic.

We realize there are a lot of unanswered question, we hope we can be able to answer by letter, phone call or email.
